

CID Superfecta

Caller ID Superfecta

THIS WIKI HAS BEEN UPDATED FOR VERSION 13 OF YOUR PBX GUI

What is the CID Superfecta module used for?

CallerID Superfecta is a utility program that adds incoming CallerID name lookups to your Asterisk system using multiple data sources.

How do I get to the CID Superfecta module?

- Log into the PBX GUI
- In the top menu go to **Admin**
- In the drop-down menu go to **CID Superfecta**

Usage

See the [User Guide](#)
